Leadership is a journey and this book was written to help managers become more effective leaders and better bosses.

Written in a business fable format, this book identifies opportunities where managers can take specific action to improve their overall effectiveness as a leader and strengthen their relationships in the workplace.

This is accomplished by introducing the reader to over 90 different leadership actions contained within six core leadership competencies identified in the story.

To purchase, go to www.sparksthebook.com and make sure to use the discount code "BCMC" when ordering your book. Don't forget to put in the discount code to receive a 40% discount!
