

# STRUCTURAL BUILDING COMPONENTS MAGAZINE (FORMERLY WOODWORDS)

September/October 2001

## STCA Update

[www.steeltruss.org](http://www.steeltruss.org)

### "Electronic Versions of the STCA Specification Guide"

Electronic Versions of the STCA Specification Guide STCA's Specifications for the Design and Manufacture of Cold-Formed Steel Trusses and Components are now available as a printable files on the STCA web site. It is available as a formatted pdf, or the text can be cut and pasted into word processing software. It's the hope of the STCA Board of Directors that making this document more easily available for architects and engineers will help to educate the industry about the quality of cold-formed steel trusses.

The mission of Structural Building Components Magazine (SBC) is to increase the knowledge of and to promote the common interests of those engaged in manufacturing and distributing of structural building components to ensure growth and continuity, and to be the information conduit by staying abreast of leading-edge issues. SBC will take a leadership role on behalf of the component industry in disseminating technical and marketplace information, and will maintain advisory committees consisting of the most knowledgeable professionals in the industry. The opinions expressed in SBC are those of the authors and those quoted solely, and are not necessarily the opinions of any of the affiliated associations (SBCC, WTCA, SCDA & STCA).
